

Meta Campaign Strategy — Singapore Financial Advisory

Master Reference Document

Goal Statement

Primary Goal: Generate high-volume investment planning leads on Facebook/Instagram at sustainable CPL, converting into booked meetings with meaningful investment potential.

Core KPI Stack:

- 1. Low CPL (target: \$2–\$15 depending on angle)
- 2. High meeting-book rate (target: 10–25% of qualified leads)
- 3. High meeting show-up rate (target: 60%+)
- 4. Leads with actionable investment capacity (S\$10k+ investable minimum)

Campaign Ladder

Campaign	Angle	CPL Target	Volume	Meeting Quality	Priority
Angle 1	Maternity → Education Gap	S\$2–5	Very High	Medium-High	Primary (run first)
Angle 2	CPF 55 Rule Change	S\$20–40	Medium	Very High	Secondary
Angle 3	Mid-career Confidence Gap	S\$10–25	High	Medium (filtered)	Top-up

Budget Allocation Recommendation:

- 60% → Angle 1 (Maternity/Education)
- 25% → Angle 2 (CPF 55)
- 15% → Angle 3 (Mid-career)

Start with Angle 1 only for the first 2 weeks to establish baseline CPL. Add Angle 2 in week 3. Add Angle 3 in week 5 after retargeting audience is large enough.

Funnel Architecture

Audience Targeting Specs (Meta Ads Manager)

Angle 1 — Maternity/Education (Primary)

Location: Singapore

Age: 24–40

Gender: All (skew female for maternity; both for education follow-up)

Interests (combine with OR):

- Pregnancy, Parenting, Babies & Toddlers
- NUS / NTU / SMU (university interest)
- Baby products (Mothercare, Enfamil, Pampers)
- Financial planning, Insurance

Behaviours: New parents (Facebook parenting behaviour)

Exclude: Anyone who has already submitted a lead form

Angle 2 — CPF 55 (Secondary)

Location: Singapore

Age: 50–58

Gender: All

Interests:

- CPF, Central Provident Fund
- Retirement planning, Retirement savings
- Singapore government schemes

Income signals: Target "Top 25% household income" if available

Lookalike: 1–3% lookalike from warm Angle 1 audience who engaged/clicked

Angle 3 — Mid-career (Top-up)

Location: Singapore

Age: 28–42

Gender: All

Interests:

- Financial independence, FIRE movement
- Passive income, Side hustle
- Investment (stocks, REITs, unit trusts)
- Career burnout, Work-life balance
- Seedly, The Woke Salaryman, Endowus, Syfe

Exclude: Interests too heavy in crypto/trading (lowers quality)

Retargeting Logic

Retarget with Angle 2 ads:

- Everyone who downloaded Angle 1 lead magnet but did NOT book a meeting (30-day window)
- Add messaging: "Now that baby is home, are YOU on track for retirement?"

Retarget with Angle 3 ads:

- Website visitors and video viewers from Angle 1 campaign
- Lookalike of Angle 1 converters aged 28–40

Retarget with Angle 2 (CPF):

- Engage Angle 1 leads whose children are older (run "education + retirement" dual angle)
-

Creative Principles (All Angles)

1. **Lead with data, not claims.** "52% of parents will borrow for uni" > "Plan for your child's future."
 2. **Make the gap concrete.** Use specific dollar amounts: "FRS payout ~\$1,500/month vs your goal of \$3,000."
 3. **The offer is a deliverable, not a meeting.** "Get your personalised projection" > "Book a consultation."
 4. **Meet compliance.** No guaranteed return claims. Use "may", "projected", "based on current rates." No specific investment products named.
 5. **Mobile-first.** 80%+ of Facebook traffic is mobile. Use large text, clean visuals, max 2 stat callouts per image.
-

Compliance Reminders (Singapore MAS)

- All ads must carry an advisory disclaimer if making performance/return references
 - No absolute return guarantees ("you WILL earn", "guaranteed income")
 - Use conditional language: "CPF LIFE MAY pay approximately...", "projections based on current fee rates"
 - For educational lead magnets: include "This is for informational purposes only and does not constitute financial advice"
 - If running as a tied representative, ensure company approvals as required
-
