

Angle 2 — Image Guide: CPF 55 Rule Change

Design Principle: This audience (50–58) is discerning and skeptical of flashy ads. Creatives must feel authoritative, informational, and trustworthy — like a professional briefing, not a hard sell. Data-heavy graphics outperform lifestyle photos for this segment.

Platform specs:

- Feed: 1080x1080px (square) or 1080x1350px (portrait)
- Stories: 1080x1920px
- Link ad: 1200x628px

Creative Concept 1 — Variant A (SA Closure Explainer)

Emotional Direction: Policy authority + Urgency + Clarity

Image Description:

Clean editorial graphic. Dark navy background. Bold headline in large white type. Feels like a financial briefing or regulatory notice — familiar authority for this audience.

Layout:

Colour Palette:

- Background: Deep navy (#003366)
- Primary text: White (#FFFFFF)
- Accent bar: Singapore red (#EF233C) — 4px left border only

- CTA line: Gold (#F4A847)
- Your details: Light grey (#CCCCCC)

Typography:

- "CPF UPDATE: 2025" — small caps, letter-spaced, white, 16pt
- "SPECIAL ACCOUNT / CLOSES AT 55" — Bebas Neue or Impact, 60pt+, white
- Body — Inter Regular, 18pt, white

Canva Build Instructions:

1. Dark navy rectangle fills entire canvas
2. Thin red rectangle left edge (4px wide, full height)
3. Text elements as above
4. Small CPF-adjacent icon (not official CPF logo — use a generic coin/savings icon)

AI Image Prompt (optional background element):

"Abstract Singapore skyline silhouette, very subtle, dark navy monochrome, used as background texture behind text, not visible in foreground, barely perceptible. Professional.
--ar 1:1"

Creative Concept 2 — Variant B (Income Gap Bar Chart)

Emotional Direction: Data shock + Concrete gap + Urgency to act

Image Description:

Two-bar comparison chart. Simple. Clean. The visual makes the gap undeniable.

Layout:

Colour Palette:

- Background: White (#FFFFFF)
- Short bar (CPF LIFE): Steel grey (#6B7280)
- Tall bar (lifestyle need): Navy (#003366)
- Gap callout: Red (#EF233C)
- CTA: Navy rectangle, white text

Canva Build Instructions:

1. White canvas
2. Two rectangles as bars: grey shorter bar, navy taller bar
3. Labels to right of each bar
4. Red horizontal bracket between the tops of bars with "S\$1,900/month gap" label
5. Source citation in small grey text at bottom

Note: This visual is best as the 1200x628px horizontal format for link ads. Also works in 1080x1080 with slight layout adjustment.

Creative Concept 3 — Variant C (BRS/FRS/ERS Tier Graphic)

Emotional Direction: Knowledge + Social comparison + "Which tier am I on?"

Image Description:

Three-tier pyramid or three steps. Each tier shows the retirement sum amount and corresponding payout. Creates natural curiosity: "Which one am I on?"

Layout:

Your CPF LIFE payout depends on which tier you're in:

ERS S\$440,800 → ~S\$3,400/month

FRS S\$220,400 → ~S\$1,600/month

BRS S\$110,200 → ~S\$820/month

Which one will YOU be on at 55?

Check your CPF 55 Readiness Report →

Colour Palette:

- Background: Light grey (#F5F5F5) or white
- ERS tier: Gold (#F4A847)
- FRS tier: Navy (#003366)
- BRS tier: Steel grey (#9CA3AF)
- Question text: Dark navy, bold

Canva Build Instructions:

1. Three horizontal bands stacked, ERS at top (smallest but most prominent with gold)
2. Payout callout for each band
3. Bold question below
4. CTA button at bottom

Creative Concept 4 — Variant D (Personal Photo + Stat)

Emotional Direction: Relatability + Urgency + Human connection

Image Description:

Lifestyle photo of a Singaporean professional in their early–mid 50s (not an obvious stock photo). Looking thoughtful or engaged. Stat overlay adds data credibility to the human-forward visual.

Stat overlay text:

"30% of CPF members turning 55 in 2022 didn't meet the FRS.
Does your retirement plan cover the gap?"

AI Image Prompt:

"A Singaporean man in his early 50s, in business casual attire, sitting at a coffee table with a cup of coffee, looking thoughtfully at his phone or laptop. Modern Singapore apartment or coffee shop background, slightly blurred. Natural light. Authentic, not stock-photo stiff. --ar 4:5"

Overlay technique:

- Semi-transparent dark gradient covers bottom 40% of image
- White text over gradient
- Source citation in small grey text: "(Source: CPF Board Parliamentary Reply 2022)"

Video/Reel Option for Angle 2

15-second text card reel:

- Frame 1 (0–3s): "CPF Special Account closed for those 55+ in January 2025."
- Frame 2 (3–7s): "CPF LIFE at FRS pays approximately S\$1,600/month."
- Frame 3 (7–10s): "Most Singaporeans want S\$2,500–4,000/month in retirement."
- Frame 4 (10–14s): "Do you know your gap?"
- Frame 5 (14–15s): "Free CPF 55 Readiness Report — tap below."

Design: Dark navy background throughout. White and gold text. Professional, no flashy transitions. Clean.

Tools Summary

Task	Tool
Main design	Canva (use "Infographic" or "Presentation" template)
Data bar charts	Canva Elements → Charts
Typography-only designs	Canva "Bold Quote" templates
AI image generation	Adobe Firefly or DALL-E 3
Video/Reel creation	Canva Video
Image compression	TinyPNG

Compliance Checklist for All Angle 2 Creatives

- ☐ CPF payout figures labelled as "approximate" or "based on published CPF Board data"
- ☐ No use of official CPF Board logo or government branding (use generic financial icons)
- ☐ Disclaimer text included: "Information is general in nature and not personalised financial advice. Refer to CPF Board for personalised CPF projections."
- ☐ Your MAS licence number visible somewhere in the ad (footer or linked landing page)
- ☐ 2026 figures used where applicable (ERS expanded, salary ceiling update)
- ☐ Source citations shown for all statistics used
