

Angle 3 — Lead Form: Mid-career Financial Confidence Gap

Form Type: Facebook Instant Form — "Higher Intent" setting

Critical Rule: This angle attracts the broadest audience. The form MUST do the heavy qualification work. Do NOT invite all leads to 1:1 meetings — your calendar will fill with unqualified leads.

Hard Qualification Threshold for Meeting:

- Monthly household income: S\$8,000+ AND
- Investable assets (outside CPF/HDB): S\$10,000+

Anyone below these thresholds goes to email nurture + group webinar, NOT a 1:1 meeting.

Custom Questions

Question 1:

How old are you?

Answer options:

- 28–33
- 34–39
- 40–45
- 46–50
- 51+

Qualification note:

- 34–45 = Prime target (income + runway)
 - 28–33 = Good for relationship building, lower immediate investment capacity
 - 46–50 = Good, but pivot conversation toward retirement urgency
 - 51+ = Route to Angle 2 (CPF55) audience in CRM; send both guides
-

Question 2:

What's your approximate monthly household income? (Include spouse/partner if applicable)

Answer options:

- Below S\$4,000
- S\$4,000–S\$8,000
- S\$8,000–S\$15,000
- S\$15,000–S\$25,000
- Above S\$25,000

Qualification note:

- Below S\$4k = Nurture only. Different product fit. No meeting push.
 - S\$4k–8k = Standard follow-up. Position framing around starting small.
 - S\$8k+ = Priority lead. Meeting invitation after soft qualifier on call.
 - S\$15k+ = High-value. Wealth management conversation potential. Fast-track.
-

Question 3:

How would you describe where you are financially right now?

Answer options:

- Paycheck-to-paycheck — spending matches (or exceeds) income
- Saving, but not sure if it's enough or in the right places
- Have investments, but no clear retirement plan
- Fairly organised but haven't reviewed in a while
- Just starting to think about this

Qualification note:

- "Saving but unsure" and "have investments but no plan" = strongest meeting signals
- "Paycheck-to-paycheck" = high empathy, but check income first — may need different conversation
- "Just starting" = nurture track unless age 38+ with decent income
- "Fairly organised but haven't reviewed" = still valuable — frame meeting as efficiency audit

Question 4:

Do you have savings or investments outside of CPF and your HDB?

Answer options:

- Less than S\$10,000
- S\$10,000–S\$50,000
- S\$50,000–S\$200,000
- Above S\$200,000
- Not much / all locked in CPF and HDB

This is your hardest qualifier.

Qualification note:

- Less than S\$10k = Nurture track. Offer "start your investment journey" group session, not 1:1.
- S\$10k–50k = Standard lead. Meeting possible if income qualifies.
- S\$50k+ = Priority. Clear investable assets to work with.
- S\$200k+ = High-value. Fast-track to meeting.
- "All in CPF/HDB" = Important case — may not have investable assets for ILP/UT but could benefit from SRS strategy. Different conversation.

Question 5 (Optional — show if CPL allows):

Are you currently working with a financial adviser?

Answer options:

- No — managing everything myself
- Had one before, no longer in contact
- Have one, but haven't reviewed my plan in 2+ years
- Yes — regular reviews with an active adviser

Qualification note: Use to frame conversation. "No" = open opportunity. "Haven't reviewed" = "your plan is probably pre-2023 — a lot has changed."
